

Earth Day Entertainment

In the spirit of Earth Day, check out my Green Entertaining tips for no-bake recipes, and ways to save on energy and help the Earth while you are out being entertained, or entertaining at home!

Try to do one thing to help preserve our resources today...drink from a re-usable cup, turn the lights off when you're not using them and use natural light, enjoy the outdoors, or try a no-bake recipe or eat fresh foods that don't require re-heating in a microwave, on a stove, or in an oven!

Happy Earth Day and don't forget to be "green" when you're entertain-ing!
